The defense requested the child’s records

This reading copy reproduces selected passages from the retained request and follow-up. Square brackets identify omissions of a child’s name. The underlying private release, signatures and contact information are omitted.

OCTOBER 22, 2026 / Laura K. Esqueda to CPCD Records Management

Esqueda identified herself as a contracted defense investigator/paralegal. The letter was addressed to CPCD at 2330 Robinson Street, Colorado Springs.

“At this time we are requesting any and all records available that you have in regard to [child’s name omitted]. This includes, but is not limited to enrolment forms, behavior assessments, daily classroom logs, injury form, student notes, parent contact records, emails, reports, family services records, educational assessments, all notes, entire charts and records.”

“In order to facilitate this request, enclosed please find a Release of Information executed by Mr. Wingo.”

NOVEMBER 3, 2026 / Laura K. Esqueda to John Wingo

In an email with the subject “CPCD,” Esqueda referred to the “Release and Request letter I sent” and told John, “I will send you everything I receive back from the school, once I get it!”

The letter establishes what the defense requested. The follow-up confirms Esqueda said she sent it. Neither document establishes what CPCD produced or whether its response was complete.
